

Your fantastic cover artwork!

Cover size 8.5" x 11" (full bleed)

TIPS: Your artwork can—and should—extend underneath the title, but keep all important elements within the active artwork area.

Consider leaving space for a description of what's in the issue. Approximately 2.75" x 3.5" *in any one corner* of the active area. As with the title, your artwork can extend underneath this space, while leaving important elements outside of it.
